

Connect, Support, Inspire

Women in Biotech

Supporter Opportunities
Cambridge – 4 March 2027

Women in Biotech

The BIA's Women in Biotech event series has been running for over 15 years and aims to *connect, support* and *inspire* women across the sector. The events are open to everyone.

The Women in Biotech community has grown significantly and activities throughout the year now include:

- A full day event
- Leadership lunches
- Mentoring programme
- Mentoring meet-ups
- A NED development programme

What our members say

“Outstanding gathering of multidisciplinary Biotech leaders. A must attend if you are at leadership level, an aspiring leader, or just someone who wants to have impact in Life Sciences and Biotech.”

- Stephanie Kuku, Chief Knowledge Officer, Conceivable Life Sciences

“WIB provides an exemplary welcoming space and place for attendees to connect and discuss matters that are important to them - it is an association that truly listens to its membership feedback and provides panels aligned to their wishes - there was a real buzz and energy and a spring in everyone's step as they left... genuinely inspired and energised by the day”

“A truly inspirational day full of passionate, talented speakers sharing generously their wit and wisdom. The agenda was packed with important topics such as women's health and driving leadership through change. The networking was really valuable, and I made some connections with some inspirational women, as well as catching up with a few familiar faces. An exceptional event, and looking forward to the next one.”

Become a Series Supporter!
