

LabStart

Our lab start-up service

A laboratory start-up service that ticks all the boxes.

IDEAL FOR ORGANIZATIONS WHO ARE:

- Setting up a new lab
- Moving to a new lab
- Receiving their first research grant

TAILOR-MADE FOR YOU

We can help you design and build your new laboratory and supply the equipment, instruments, chemicals, reagents and consumables that you require to get you up and running. Let us assist you in choosing from a variety of specifications and manufacturers to suit your budget.

- Expert knowledge
- Practical guidance
- Site surveys
- Individual tailored packages
- Large product range
- Single-source solution
- Competitive pricing
- Delivery planning
- Unpacking and set-up
- Removal and recycling of packaging
- End-user training
- Excellent after-sales care
- Servicing, calibration and repair
